Q&A

Real Estate Construction Pit Falls

- > Basic types of construction projects and their permitting process
- > Types of Contract with designers and contractors
- > Case Study on sample projects

Dennis T. Su

Architect

- > Practiced in Seattle for over forty years in designing a wide variety of buildings
- > Developed own properties as developer
- > Participated in projects in Korea and Taiwan
- > Volunteered in many community design projects
- > Currently assisting Kin On Community Health Care on the \$7 Million Expansion Project

For home owners or investors who want to start their own new construction by applying for building permit, what do you expect during the process and how do you avoid unnecessary headaches and cost.
